

WHAT YOU NEED:

- felt
- twill tape (or other ribbon)
- stuffing
- 1" split key ring
- scissors, thread, pins
- PATTERN download from <https://blog.fabricland.ca/diy-felt-keychains/>

DIY FELT KEYCHAIN

WHAT YOU DO:

1 Pin pattern pieces to the felt and cut out following the colour as the pattern, if desired.

2 Sew by hand or glue the decorative pieces onto one body piece as example shown. Embroider eyes and other decorative stitching.

3 Fold 2.5" twill tape in half and pin between the front and back at the top as shown. Sew around the outer edge by hand or machine leaving a small opening for stuffing. Stuff and sew opening closed.

4 Attach split key ring to the tape loop.
