

Origami (3D) Fabric Face Mask

Supplies Needed:

- ★ 2 or 3 pieces - 10"W (25cm) x 8.5" H (22cm) of 100% cotton
USE: 1x face fabric, 1x lining, 1x inner 3rd layer*
- ★ 2 pieces - 2" (5cm) x 4" (10cm) of same 100% cotton
USE: elastic casings
- ★ 2 pieces - 9" (23 cm) narrow elastic
- ★ Nose Wire (Optional)
- ★ Sewing Machine & Thread
- ★ Scissors or Rotary Cutter & Mat
- ★ Ruler
- ★ Sewing pins
- ★ Iron

Seam Allowance: 1/4" (6mm)

Suggested elastic size/type:
1/8" (3mm) braided or knit
1/4" (6mm) braided or knit
1/8" (3mm) elastic cord

**Optional inner 3rd layer can be:*
lightweight non-woven interfacing
polypropylene
100% cotton

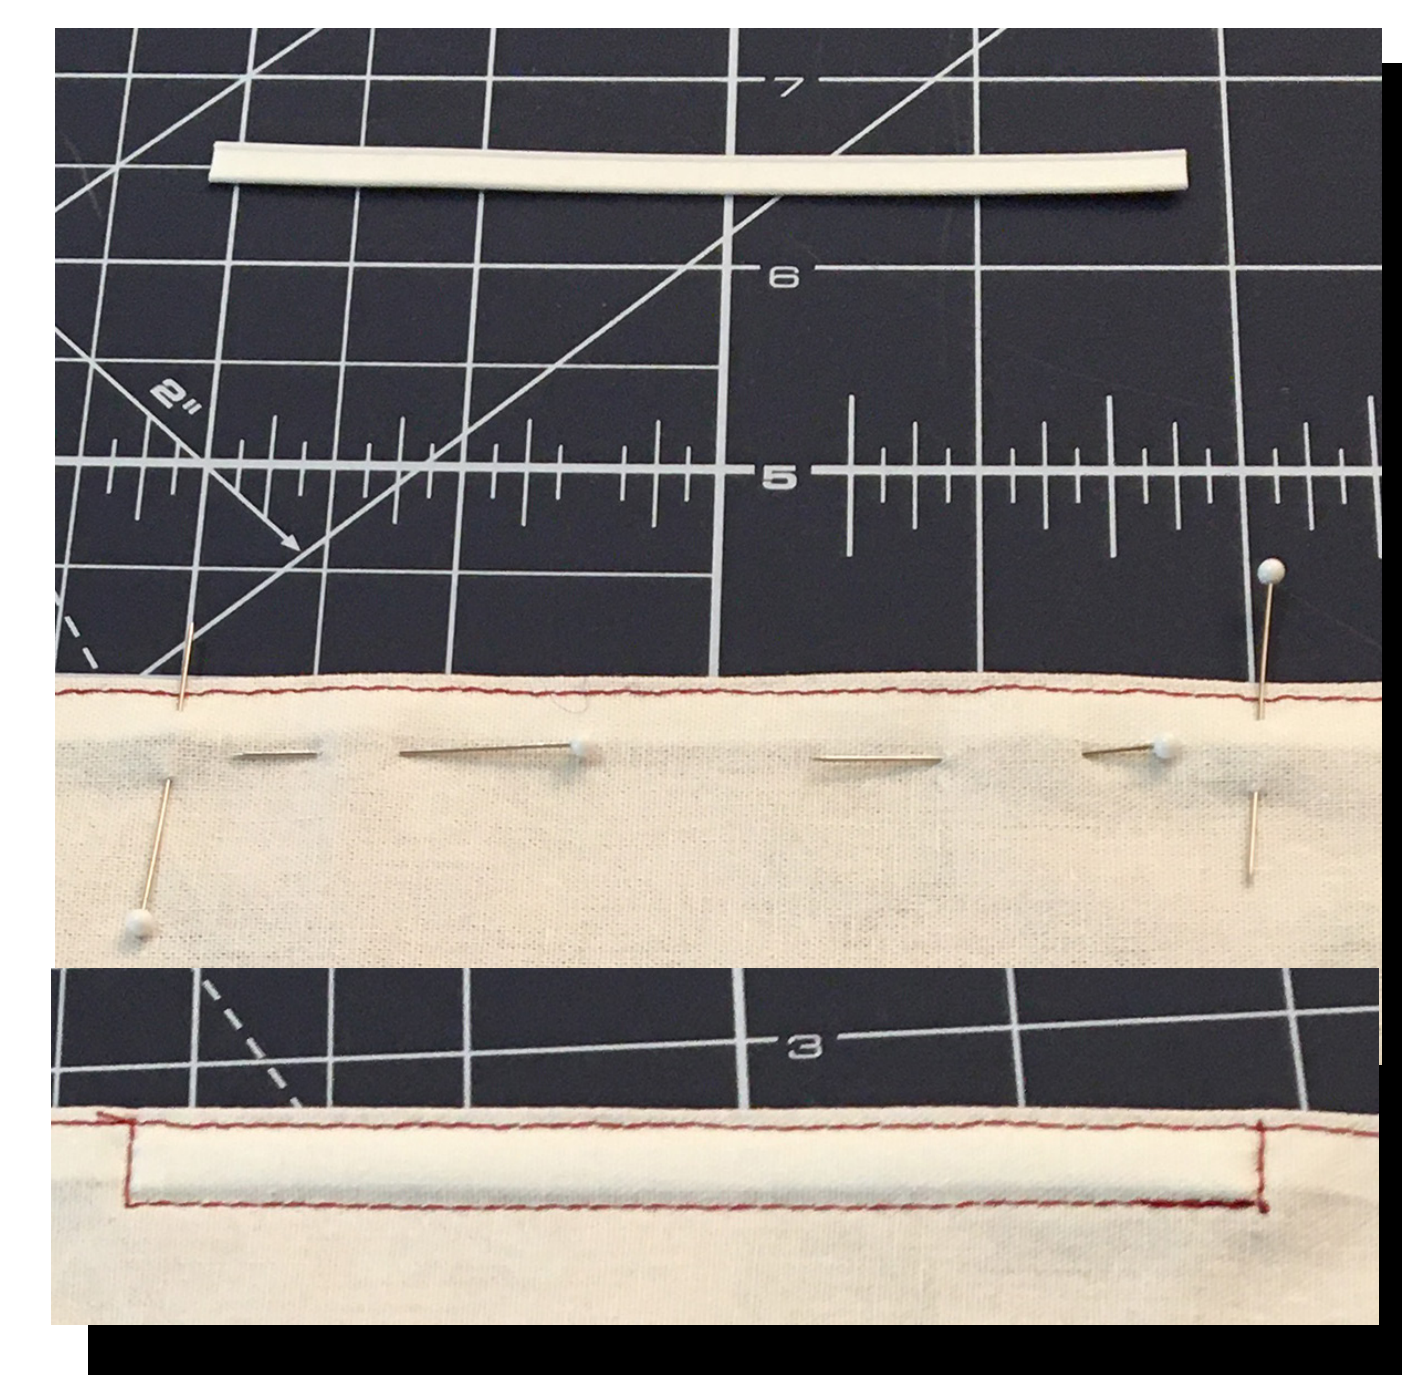

What To Do:

- 1** With right sides together sew seam along top & bottom.
*If using the inner 3rd layer, put it on top of the lining so when flipped it will be in between the face and lining.

- 2** Turn so right sides are out. Press.
Edge stitch along top & bottom edges

- 3** **Optional pocket for nose wire:**
Center pocket along top edge.
Size will depend on nose wire.
Sew along 1 short end & long edge. Insert nose wire.
Sew to close pocket.

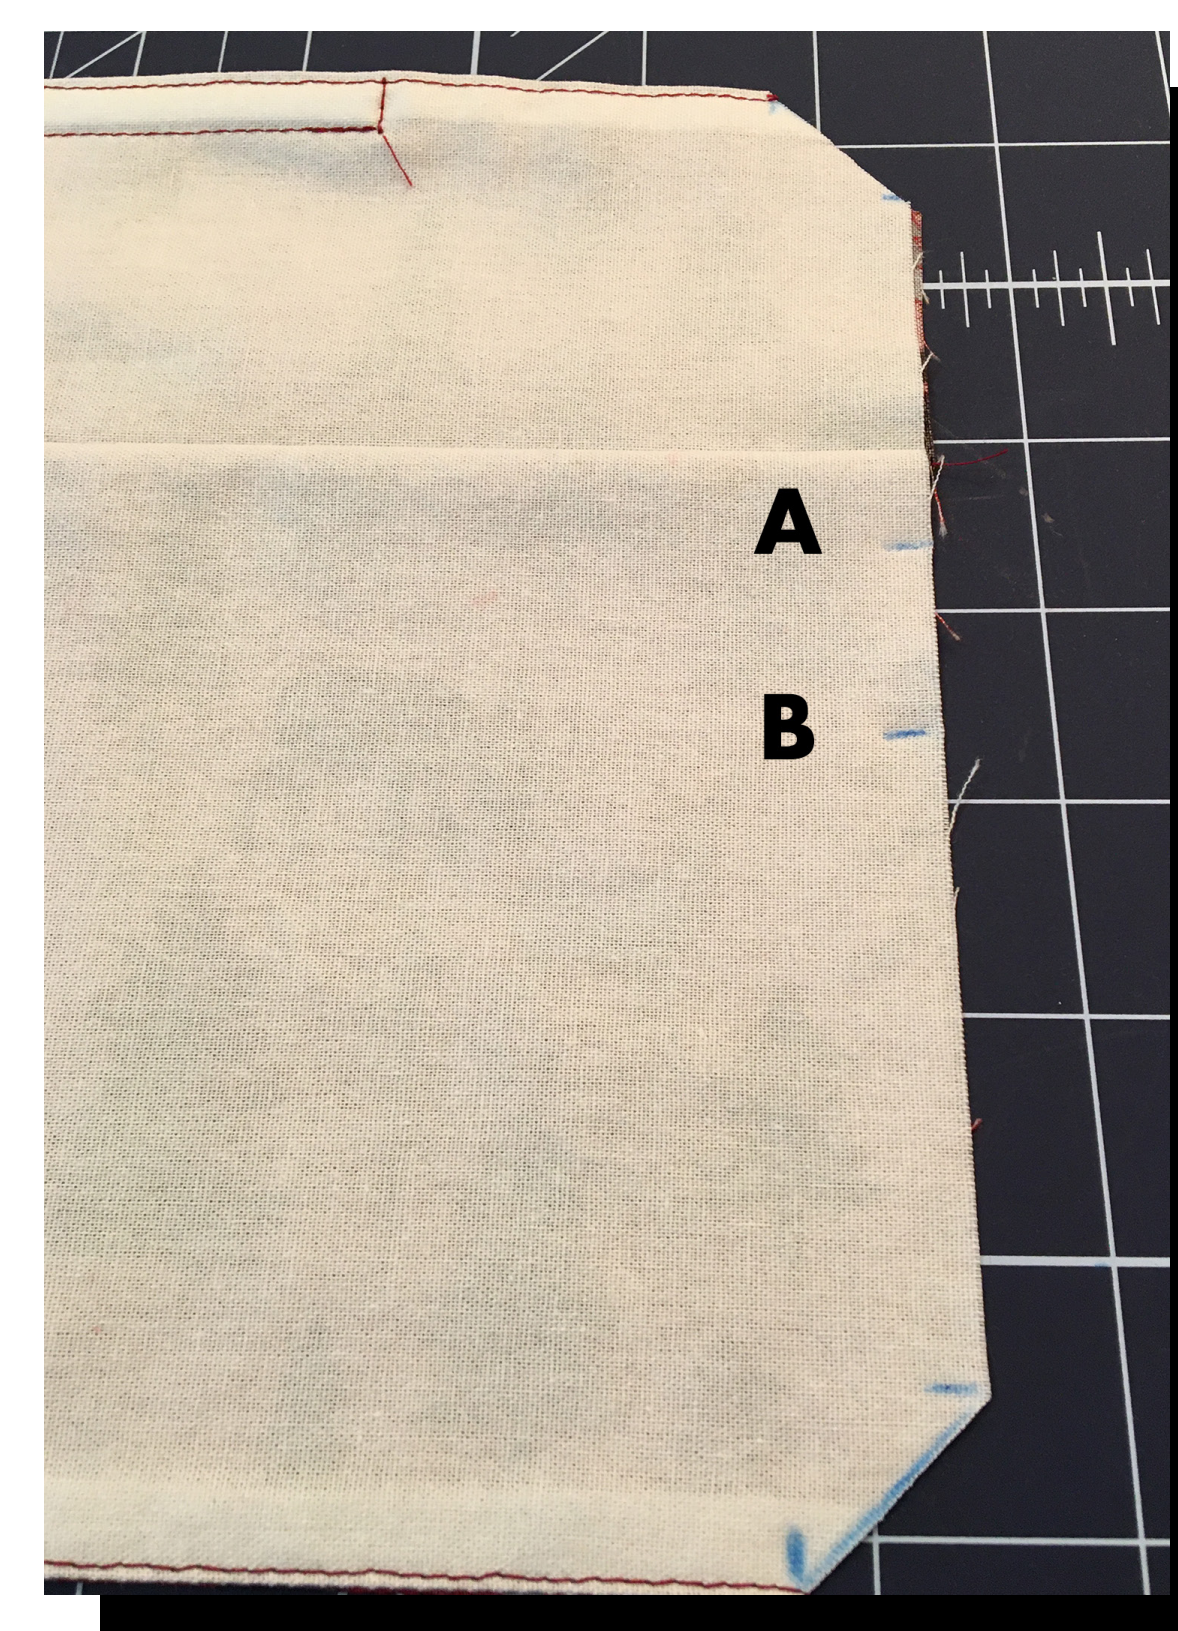

- 4** Fold top edge down 1.5" (3.5 cm) press, edge stitch.

- 5** Measure in 3/4" (2cm) at each corner. Cut off corners.

- 6** On both sides, measure down 3" (7.5 cm) from top edge ('A') and 4" (10cm) from top edge ('B').

- 7** On both sides, fold bottom corner up to mark 'A' and top corner down to mark 'B'.
Sew to secure.

- 8** **Add casings:**
Using a 2"x4" casing piece, center long edge on one side, right sides together.
Fold over to enclose sides and stitch. Press.
Fold edge 1/4" fold over. Edge stitch. Feed elastic through casing.
Knot or sew and move knot/seam into casing.
