

MACRAME CELLPHONE HOLDER

Never lose your phone again with this simple and stylish DIY

MATERIALS:

Macrame Cord
(1 Ball)

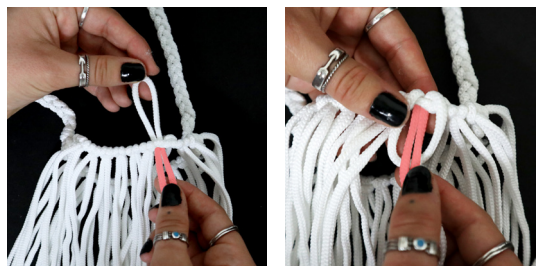

Tape Measure

Scissors

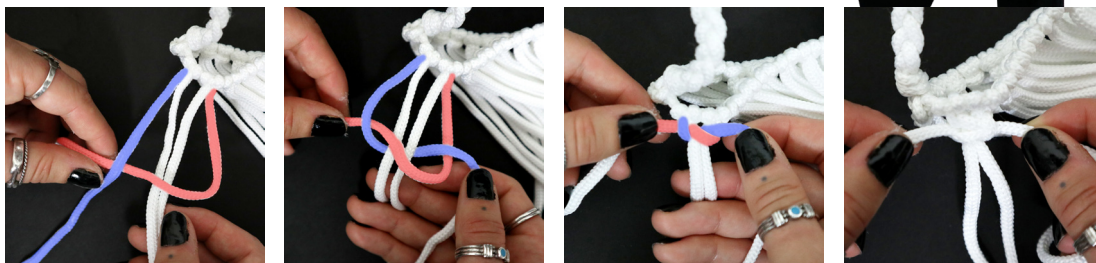

Fabri-Tac

KNOT DEMO

LARK'S HEAD KNOT

SQUARE KNOT

Repeat motion on the other side
to complete the square

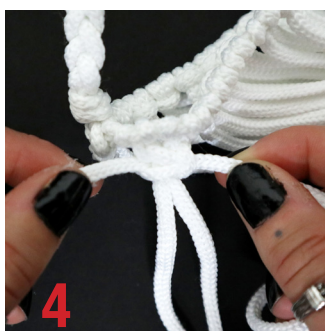

STEP 1

Cut 3 pieces of 60" cord. Braid pieces together leaving 2" of loose ends.

STEP 2

Cut a new piece of cord measuring 8" (or the perimeter of your cellphone). Tie ends to form a circle. Knot both ends of braided strap to the circle.

STEP 3

Cut 24 pieces x 50" of cord. Attach each piece to circle piece with Lark's Head knots. Distribute cords evenly between both sides of the straps.

STEP 4

Create the body of the bag using the Square Knot method.

STEP 5

Create enough Square Knot rows to fit the length of your phone (approx. 21 rows). Finish the bag by double-knotting the cords along the bottom of the bag.

STEP 6

Trim tassels to desired length. Seal edges of all cord with Fabri-Tac to prevent fraying.
