C (") (")

Step 1: Cut out 4 layers of tulle per bunny ear.
(See Bunny Ear pattern)

Step 2: Pin 4 layers together to stabilize pieces.

Step 3: Take sticker peel off the nose bridge.

Step 4: Stick nose bridge with adhesive onto tulle. TIP: Cut metal to better fit the shape of the ears.

Step 5: Sew gimp over nose bridge material by hand.

Step 6: Flip ear.

Step 7: Stick nose bridge pieces to tulle covering stitches. Both sides now have the nose bridge pieces.

Step 8: Sew gimp over nose bridge material by hand. This time, sew the inside of the gimp together followed by the outside together.

Step 10: Bend the bottom of the bunny ears 1/2". Hand sew each bent piece to ribbon. Keep a 1.5" space in between each ear.

Step 11: Cover each bent end of ear with 1.5" (4cm) of ribbon. Hand sew around.

Step 12: Pin ribbon to the center of the headband and hand sew ribbon to the satin that in on your DIY headband.
