

FUN WITH FELT

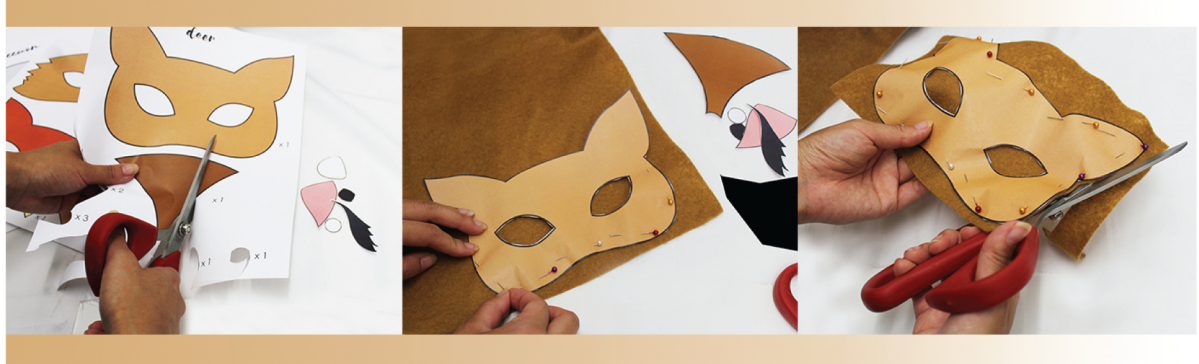

Animal Masks

WHAT YOU NEED:

- Felt squares in colours as per pattern
- .8m 16mm ribbon
- scissors, pins, glue
- PATTERN download from <https://blog.fabricland.ca/fun-with-felt/>

WHAT YOU DO:

1. Pin the pattern pieces to the appropriate felt colour and cut out.

2. Layer and glue the pattern pieces using the photo as reference.

3. Measure approximately two 40cm(16") pieces of ribbon. Glue each piece on the back of the mask near the edge approximately in the middle of the eye cutout.

Once the glue has dried thoroughly, tie on your mask and have fun!
